

Technical Data

Packaging:

1 Gallon Jug or
5 Gallon Pail

WARRANTY

Warranty of this product, when used according to the directions, is limited to refund of purchase price, or replacement of product (if defective), at manufacturer's/seller's option. SureCrete Design Products shall not be liable for cost of labor or direct and/or incidental consequential damages

DESCRIPTION

SureCrete's SurePrime is a polymer binding agent from special water-based polymer dispersions. **SurePrime** is a vinyl acetate, ethylene (VAE) with proprietary performance enhancers. When used in combination with mineral fillers, especially portland cement, it contributes to the success of a variety of construction applications.

USE

SurePrime may be used in industrial coatings, adhesives, cementitious overlays, and other building products.

SurePrime polymer modification improves:

- Water retention and workability
- Flexibility
- Flexural strength
- Abrasion resistance
- Cohesive Strength
- Density

These above referenced enhancements make **SurePrime** an excellent choice for:

- Tile adhesives
- Joint mortars
- Flexible thin-bed mortars
- Exterior insulation and finish systems
- Plasters,
- Troweling compounds

PRECAUTIONS

- Keep out of reach of children.
- Avoid inhalation. Ensure adequate ventilation.
- Avoid contact with skin. Thoroughly wash with soap & water.
- Wear protective eyewear. Avoid splashing & spraying in eyes. Flush with copious amounts of water if accidental contact occurs.
- Avoid ingestion. Get medical help.
